Please give new owners a copy of this letter and refer them to our website under the Forms Tab, "Transferring Sheep." This will eliminate any misconceptions and confusion as to what is required when transferring ownership of sheep. Also, you will be able to supply the new owner with the proper paperwork on your end.

Thank you for adding your ear tag pictures to your Lamb Registration form. This change has gone smoothly over the year.

- ❖ **New for 2017**-All transfers will need to include an ear tag picture. The picture must clearly show the entire ear tag number and be an exact match to the ear tag number on the Certificate of Registration to be eligible for transfer.
- ❖ **New for 2017**-To avoid additional late fees for your buyers, please send in all registrations no later than September 1st. This will allow us enough processing time to return your registrations and have the new owner send in their transfers before the December 31st deadline. All packets must be postmarked by December 31st.
- ❖ With the amount of paperwork being submitted by breeders and new members, please allow 3-4 weeks for your paperwork to be processed once we receive it. If your packet does not contain completed forms, pictures and the appropriate funds it will be returned to you. This will delay the completion of your paperwork.
- ❖ A lost ear tag must be replaced as soon as possible and the original CoR mailed to us for correcting. A full head shot picture of the sheep must clearly show the entire new ear tag number. There is no charge to change an ear tag number. We have received many CoR's that have multiple changes made by the breeder or new owner. If changes/corrections of any type need to be made, mail in the original CoR with a note of the correction needed. Corrections will also be made to all copies in our office. Once processed, the original CoR will be returned to you.

ANY/ALL CHANGES MADE TO THE CoR MUST BE COMPLETED BY THE OEER REGISTRAR

IF NOT, THE CoR MAY BE CONSIDERED INVALID AND/OR REVOKED

- ❖ All sheep must be registered/transferred in the calendar year lambed (Calendar year is January 1st to December 31st of each year and we do not prorate). Sheep that have not been registered in the birth year, transferred in the year purchased or older sheep being transferred (regardless when purchased) will require height measurements, ear tag pictures and pictures of the head, both sides and rear to ensure that the sheep meets the breed standard. There is no guarantee that we will accept the sheep in question into the registry. Contact us for more information and additional fees pertaining to your individual situation.
- ❖ **If you are borrowing a ram**, please complete the Ram Lease Agreement under the forms tab on our website and include it with your Lamb Registration form.

Membership Dues are \$70.00 per Calendar Year
