Lamb Registration Form

This form is not to be used to transfer sheep

The transfer section is located on the original Certificate of Registration (CoR)

Please photocopy enough for each lamb you are registering. Each lamb must have its own form and must be completely filled out or it will be returned to you. Current Dues must be paid to register and/or transfer any sheep. Correct fees must accompany this registration to process. All money must be in US funds.

All lambs must be registered in the calendar year in which they were born and you must be the owner of the ewe at the time of lambing to register lamb/lambs.

Yearly Membership Dues: \$70.00 Lamb Registrations: \$15.00

Registration fee will be increased to \$25.00 for each sheep not registered in the calendar year they were born. Also, additional fees for yearly membership dues may apply along with full body pictures, ear tag pictures and height measurements. We only go back 3 calendar years to register sheep (sire and dam must already be registered with us and only the owner of the ewe at the time of lambing can register lambs). There is no guarantee that an individual sheep will be accepted.

Please contact the registry for assistance and total fees that will pertain to your individual situation.

If you do not own the ram, please complete the Ram Lease Agreement located under the Forms Tab on our website and include with your Lamb Registration form.
