To Our Members:

I had a tragic event happen to me a few months ago that had devastating impact on my life. I have health issues that arose from the event that will last forever. I can't apologize enough for the delay this has caused in returning emails, phone calls and processing your paperwork. And how that has affected your sales, livelihood and opinion of the registry. Cindi and I will be working together to get everything out to you but it will take some time due to the amount of paperwork that we have. We have had a problem with our phone in the last week saying it has been disconnected. I just changed phone services and will be checking into this to see what has happened. In the meantime, please email me with your questions and concerns.

My family and I have had many discussions as to the direction of the registry and what is best for our members. I have always worked another job and worked on the registry in the evenings and weekends. Wanting to honor my father and carry on the registry has become overwhelming since my father's passing in 2012. Looking towards 2018, *one of the possibilities will be to consider selling the registry. No decision* has been made at this time but I feel it is important that you are aware this is one of the considerations. If the registry were to be sold, it would continue as "The Olde English "Babydoll" Registry" and not to be combined with any other registry. I want to honor all the members with us, some since the beginning of the registry knowing you will still continue to be a member of the same registry that my father, Robert Mock began.

I value your opinion and would like to hear any ideas that you may have.

Thank you so much for all your concern, thoughts and prayers.
