

Registry Update

Welcome members! We have the registry going again and want to get things back on track immediately!

Please contact us with any questions and have a great year!

Fellow Members,

It is with great joy and honor that we have been given the opportunity to gain ownership of the Olde English “Babydoll” Registry. We are the Self family and own a “Babydoll” sheep farm on the Triple S Ranch in Lebanon, Missouri.

Robert Mock founded these unique and beautiful sheep that we love today as well as the original registry for the “Babydolls.” Our priority is to uphold the quality of “Babydolls” and value of all members.

We will be adding things to the registry eventually, such as shows and merchandise.

We appreciate you letting us serve you as one of the world’s oldest and finest registries.

Thank you,

Byron, Sandra and Stephanie Self
